

PARTNERSHIP PROGRAM

Clients trust us because we deliver quality and work transparently.

We have completed 35+ projects for clients from Europe and the USA - in education, real estate, finance, charity, technology and other fields.

1 How does it work?

Our partnership program is designed to be simple and transparent.

You recommend us → we deliver high-quality work → you receive a bonus.

The mechanics are very simple:

1. You recommend our agency to a friend, business, or organization.
2. If the client contacts us through your recommendation and orders a project → we pay you a partnership bonus.
3. The bonus is paid after the client completes the payment.

2 Bonus amount

10% of the first project's total

We value trust and recommendations - that's why we share fairly and generously.

Example:

Project = €5000

Your bonus = €500

3 Terms of participation

To keep everything transparent and comfortable for both sides:

- The bonus is calculated only after the client makes the actual payment.
- The partnership bonus applies only to the first project of every new client.
- If two people recommended the same client — the bonus goes to whoever informed us first.
- A recommendation is valid only if the client mentions your name when contacting us or if you share their contact directly.
- The payout is made within 1–3 days after receiving the payment.

4 Who can participate?

- Entrepreneurs
- Mentors
- People with a network
- Friends and acquaintances
- Partners from Ukraine, Europe, and the USA
- Anyone who trusts us and wants to recommend a quality service

5 What projects do we work on?

- Branding
- Website & mobile app design
- Website development (WordPress)
- Updates and redesigns of existing projects

Average project budget: **€1500–€6000**.

6 FAQ

How will you know the client came from me?

→ The client mentions your name, or you share their contact with us via Telegram.

Do I need to sell anything?

→ No. You simply recommend us to someone who needs design or a website.

Can I earn bonuses from multiple clients?
